

VENKATA HARSHA

B.Com (Honors) — Data Analytics — Hyderabad, India — 2026 Graduate

+91-7013445796 — venkataharsha2809@gmail.com — [LinkedIn](#) — [Portfolio](#)

PROFESSIONAL SUMMARY

B.Com (Honors) graduate with hands-on experience analyzing multi-source datasets using SQL, Excel, Power BI, Google Sheets, and RapidMiner. Built analytical projects involving data cleaning, validation, statistical analysis, visualization, and predictive modelling across government, healthcare, and climate-economic datasets. Demonstrated ability to investigate data inconsistencies, identify patterns, communicate findings, and work independently on ambiguous analytical problems.

EDUCATION

Bachelor of Commerce (Honors) 2023 – 2026
Keshav Memorial Institute of Commerce and Sciences, Hyderabad **CGPA: 8.43 / 10**

PROJECTS

Pacific at Risk – Pacific Dataviz Challenge 2026 July 2026

Tools: Power BI (DAX) • ECharts • Google Sheets • GitHub Pages — Domain: Climate Economics / Data Visualization

- **Integrated 7 heterogeneous climate, economic, and agricultural datasets** covering Pacific Island nations, standardizing country names and correcting unit mismatches to enable reliable cross-source comparison.
- **Built an interactive Power BI dashboard** with a composite vulnerability index; investigated scores exceeding 100, traced the issue to a DAX normalization error involving `CALCULATE` and `ALL()`, and corrected the calculation to ensure valid scoring.
- **Communicated analytical findings through an interactive GitHub Pages site** using ECharts, translating multi-source results into accessible visual insights for a non-technical audience. [Link](#)

AI-Powered Heart Disease Risk Detection May 2026

Tools: RapidMiner Studio • Microsoft Excel • CDC BRFSS Dataset — Domain: Healthcare Analytics

- **Analyzed 50,000 CDC BRFSS records across 19 features**, cleaning and validating the dataset before evaluating Logistic Regression, Decision Tree, and Random Forest models using 10-fold cross-validation; achieved **90.98% accuracy and 0.824 AUC**.
- **Translated model results into an actionable risk-tiered dataset** (Low / Moderate / High / Critical) with tailored recommendations, demonstrating the ability to communicate analytical outputs for practical use. [Link](#)

District Priority Index – UIDAI Data Hackathon 2026 Jan 2026

Tools: Microsoft Excel — Domain: Government Data / Enrollment Analytics

- **Engineered a weighted District Priority Index** by collecting, cleaning, and aggregating 500,000+ Aadhaar enrollment and biometric records across district-level data sources.
- **Compared enrollment and update-rate patterns** across districts to identify priority areas and generate data-driven insights for a national-level hackathon submission.
- **Delivered a structured analytical report** containing visual summaries and district-level findings. [Project Report](#)

SKILLS

SQL & Databases	MySQL 8.0 – Aggregate Functions, CASE, Joins, Data Cleaning & Validation
Spreadsheets	Microsoft Excel – Pivot Tables, VLOOKUP/XLOOKUP, Conditional Formatting, Data Cleaning; Google Sheets – Formulas, Data Cleaning, Collaborative Analysis
Analytics	Data Cleaning & Validation, Exploratory Analysis, Pattern & Trend Analysis, Statistical Analysis, Percentile Scoring, Risk Tiering
Visualization	Power BI – Dashboard Design, Data Validation; ECharts – Interactive Data Visualization
Analytical Tools	RapidMiner Studio – Classification Models, 10-Fold Cross-Validation
Professional	Problem Solving, Analytical Communication, Documentation, Independent Working, Team Collaboration, Learning Agility

CERTIFICATIONS

- **Data Analysis Job Simulation – Deloitte (Forage):** Analyzed client datasets, developed visual dashboards, and communicated findings through structured analytical reports.
- **MS Excel Bootcamp:** Training in Pivot Tables, VLOOKUP/XLOOKUP, dynamic charts, and data cleaning.

VOLUNTEER EXPERIENCE

- **Workshop Facilitator – OTBI Digitalization of Villages (2024):** Coordinated onboarding and facilitated activities for 50+ attendees at an intercollegiate rural digitalization workshop; prepared a structured facilitation report. [Report](#)
